TUXEDO TOUCH[®] SECURITY AND SMART CONTROLLER

Bring your home to life – blending together your security system and the power of the Smart Home to enhance security, comfort and convenience.

TUXEDO TOUCH® CONTROLLER FITS YOUR HOME "TO THE T"

Create the Ultimate Smart Home

With Tuxedo Touch® Controller, our ideal Smart Home comes together and operates in perfect harmony. Simply add Z-Wave® compatible devices to the Tuxedo Touch Controller and enjoy additional security, comfort and convenience – the full potential of what a smart home can bring to your home and family.

Smart Locks

Lock or unlock doors locally or remotely, or in conjunction with another system activity, like security system arming or disarming.

Lighting Control

Automated household lighting can be triggered by system events, or to create a "lived in look" when you're away.

Window Shades

Let the sun shine in on a schedule or just when you are home.

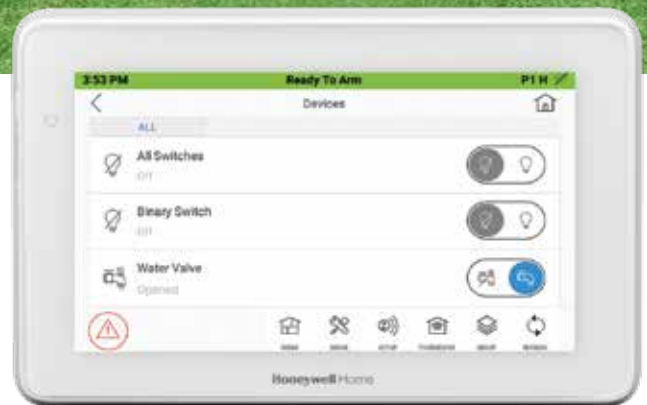

Thermostat Control

Stay cozy and comfortable, while saving energy with a thermostat adjusting in sync with your lifestyle.

Leak Detection

Leak detection and water shut off valves can alleviate costly flood damage.

SET THE SCENE

The Tuxedo Touch Controller makes it easy to set automated scenes, where an action or event prompts devices in your home to smoothly work together creating the ultimate in convenience and efficiency.

For example, the one step of arming away when you're leaving can secure your home, close the window shades and set your thermostats and lighting.

KEEP AN EYE ON THINGS

View up to 8 cameras and up to 4 cameras on a single screen.

MAKE IT YOURS

The brilliant graphic touchscreen on the Tuxedo Touch® Controller can display your own family images and slide shows.

CONTROL AT YOUR FINGERTIPS

Take masterful control of your smart home and security system with the Tuxedo Touch Controller and its sleek, 7" high resolution color touchscreen.

- Crisp, clean interface screens are intuitive and simple to use
- Clear voice notifications inform you of changes to system status and make you instantly aware of the nature of an alarm condition
- Built in instructional videos assist with advanced features
- Complete system status is viewable at a glance
